In the Middleton context, industrial includes light manufacturing, transportation and wholesaling operations, and a limited number of retail and service establishments. Within the community of Middleton, there are several high-quality industrial areas having transportation and other services that are geared to industrial usage. As a general rule, these areas should be reserved for industrial and related uses, with retail establishments locating in the several business districts of the community.

Some of these segments may be classified as permitted use segments and others as Conditional Use segments. Where this is the case, Conditional Use approval shall be required and shall extend only to the portion of the operation that requires Conditional Use approval.
