NEW ICONOGRAPHY

Throughout this catalog, you will find icons that identify important product features to help you select the memorial that best represents the memory of your loved one. Whether you choose to take your urn home or inter it in a cemetery or mausoleum, you will find the perfect urn, keepsake, or jewelry item to meet your family’s needs and budget.

engraving

Engraving completes any urn for your loved one, making it more personal and unique. Our talented craftsmen can engrave a number of emblems or text in a variety of font styles.

decal

Our selection of emblems and insignia celebrate the life you are remembering in a touching and elegant way. These precision-die-cut vinyl designs can be easily added to many urns and resemble custom inlaid metal.

cameo-friendly

Beautiful color porcelain cameos add a personal touch to select urns. Our cameos are available in a selection of shapes and make a wonderful tribute.

niche-friendly

Many of our urns will fit in a standard 12-inch x 12-inch niche, offering convenient and unique options for permanent memorialization.

tcc compatible

Temporary Cremation Container (TCC) compatible urns offer the convenient transfer of cremated remains.

HONORING AND REMEMBERING YOUR LOVED ONE

The choice of cremation does not limit your options for saying goodbye to a loved one and the selection of permanent memorialization.

REFLECT

Reflection of a life lived is the first step in remembering, sharing and honoring those we have lost. Let your loved one’s interests, hobbies and unique personality be the foundation for a meaningful and memorable final tribute.

GATHER

Planning a gathering with family and friends is an important aspect of sharing memories and providing comfort during a time of loss. Services can be held immediately following a death or at any time thereafter - whether it is a traditional service or a more unique setting.

MEMORIALIZE

Whether it is a traditional monument at a family plot, a niche in a cemetery or a beautiful scattering, a meaningful and permanent memorial can provide peace, comfort and lasting remembrance.

CELEBRATE

Keepsakes and jewelry are a special way to keep the memory of a loved one close to your heart. Find comfort and honor your loved one with a lock of hair, small portion of cremated remains or floral petals from the service.

Over the years we have received many questions about cremation. Families want to know about the personal choices and possibilities that exist for commemoration and final disposition.

Why do urns have various sizes?

An urn has various sizing based on its cubic inch capacity.

Companion

Capacity of 325-430 cubic inches. Designed for couples.

Large/Full-Size

Capacity of 150-300 cubic inches. Designed for an individual adult.

Medium

Capacity of 20-50 cubic inches. Designed for sharing.

Small/Keepsake

Capacity of 10 or fewer cubic inches. Families often purchase several keepsakes for sharing.

Can we have a service when cremation is chosen?

Yes. Cremation actually provides a lot of flexibility in service options. Services or a ceremony may precede or follow the cremation.

Can we have a viewing?

Yes. You may have a viewing prior to a cremation.

Is a viewing important?

Viewing is part of many cultural traditions. Many grief specialists believe that viewing is beneficial to the grief process by helping the bereaved recognize the reality of death and affords the opportunity to say goodbye.

Is it legal to scatter cremated remains?

Regulations regarding the scattering of remains vary from state to state. Please consult your state's regulations, which can often be found online.

What type of permanent memorialization options exist to ensure our loved one is secure in a place of honor?

The selection of cremation does not preclude creating a permanent memorial in a cemetery or mausoleum. Options include interment in a glass front niche, cremation garden, ground burial, columbarium, among many others.

For more information about end of life information and choices, you may consult our free helpful resource, The Remembrance Process, at www.remembranceprocess.com

The beads can be placed on any of our sterling silver or leather necklaces or bracelets, and are interchangeable with other popular bead jewelry sets. Your collection will work perfectly with both formal and casual attire and will be a constant, deeply personal reminder of your loved one. These are not flaws, but are indicative of the way that naturally-occurring stone develops in nature.
